

Brown Bag Talks 2016

Modularity and Tractability: How Deep is Their Relation? A Mild Skepticism

Ioan Muntean

(Adjunct Instructor in Humanities)

Will discuss modularity as a feature of our representations, and the argument for modularity based on computational tractability

Thursday February 11

12:00pm – 1:00-pm

Special Collections Reading Room

Bring your lunch and join your colleagues for this informal presentation and discussion. Light refreshments and beverages will be provided
